## Latin American Populism in the Twenty

Latin American Populism in the Twenty-first Century explains the emergence of today's radical populism and places it in historical context, identifying continuities as well as differences from both the classical populism of the 1930s and 1940s and the neo-populism of the 1990s. Leading Latin American, U.S., and European authors explore the institutional and socioeconomic contexts that give rise to populism and show how disputes over its meaning are closely intertwined with debates over the ...
